SUMMARY

Fresh graduate in Informatics Engineering with experience in software development, project coordination, and cybersecurity training. Proven ability to collaborate in cross-functional teams through Agile methodologies as Scrum Master, Product Owner, and Front-End Developer. Strong communication, problem-solving, and leadership skills with a strong desire to learn and grow in the IT industry.

ORGANIZATIONAL EXPERIENCE

Koordinator 1 Departemen Media Kahfi

Nov 2024 – Dec 2025

LDK KAHFI - Universitas YARSI

- Coordinated team members in executing departmental projects and activities.
- Delegated tasks and monitored completion progress.
- Reviewed design and media outputs to ensure quality standards.
- Provided guidance and feedback to improve team performance.
- Strengthened communication and collaboration within the organization.

SOFTWARE DEVELOPMENT EXPERIENCE

YARSI University

Sep 2024 – Jan 2025; Sep 2025 – Jan 2026

Scrum Master

- Led Agile Scrum processes including daily stand-up meetings, sprint planning, sprint review, and retrospectives.
- Coordinated team members to ensure project milestones were delivered on time.
- Monitored progress using Trello and maintained smooth communication within the team.
- Identified obstacles and supported problem solving during project execution.
- Ensured effective collaboration between technical team members and stakeholders.

Product Owner

- Managed and prioritized product backlog based on stakeholder requirements.
- Converted business needs into clear user stories and actionable tasks.
- Ensured features delivered were aligned with user expectations and project goals.
- Coordinated communication between stakeholders and development team.

Frontend Web Developer

- Developed responsive web interfaces using React.js, HTML, CSS, and JavaScript.
- Integrated backend APIs into frontend applications.
- Collaborated with backend developers and UI/UX team to deliver features.
- Supported testing, debugging, and feature improvements.

CYBERSECURITY TRAINING & EXPERIENCE

Computer & Network Security Mentee

March 2025 – July 2025

Kampus Merdeka Mandiri – Infinite Learning

- Completed an intensive 5-month program focused on computer networks and cybersecurity fundamentals.
- Configured Linux environments (Ubuntu & Kali Linux) using VMware.
- Implemented firewall rules, VPN (WireGuard), authentication systems, and network segmentation.
- Built real-time monitoring dashboards using Grafana and Zabbix.
- Conducted traffic monitoring, system analysis, and troubleshooting activities.
- Completed capstone project and received Best Project Award.

EDUCATION

Bachelor of Informatics Engineering

YARSI University

2022 - 2026

GPA: **3.93/4.00**

TOEIC Score: **800/990**

Completed study in 3.5 years

SKILLS & COMPETENCIES

Core Skills: Leadership, Communication, Analytical Thinking, Problem Solving, Teamwork, Adaptability, Fast Learner, Time Management

Technical Knowledge: Scrum, Project Coordination, Dashboard Monitoring & Reporting, Networking Fundamentals, Trello, Lark, React.js, HTML, CSS, JavaScript
